

Welcome Back

Here's A Few Things To Remember:

- We are physically distancing but not socially distancing, so give hellos and I Love You's.
- If you desire to fellowship in groups, please gather outside and practice physical distancing
- Stick to air-hugs and air high-fives and practice staying 6ft apart
- While we do have hand sanitizer stations available to you, don't forget to wash your hands for a minimum of 20 seconds with soap and water
- We are diligently working hard to ensure surfaces are sanitized, but remember to avoid touching face and eyes
- Also, make sure to sneeze or cough in inside elbow if you have to
- Finally, above all else stand in Faith for divine health and supernatural protection in Jesus name
- Families should sit together but all others should allow 3 seats between each person
